

How InternNavigator.com works.

POWERED BY METRO ATLANTA CHAMBER

InternNavigator connects employers to more than 30 colleges and universities from a single interface, providing access to more than 250,000 college students and even more alumni

How it all works

Key Features

- It's **FREE**
- Schools self-select the job postings based on whether or not they have a program that fits your job description
- All job postings are merged with each school's job posting system, so the students can access your posting just as if it was posted directly by the school
- The site is not limited to internships, but can accommodate full-time and part-time positions as well

Did you know?

There are 66 colleges and universities in metro Atlanta and 202 colleges in Georgia

Internships benefit growing companies

77% of large companies use internships to recruit entry-level hires

- Extends the interview process to evaluate skill level, work ethic and cultural fit
- Maintains relationships with schools for future talent needs
- Provides experience students can't get from the classroom
- Creates a better qualified talent pool for the region
